Trusted Partners in Alternative Care

WELCOME

Thank you for trusting Integrative Medical Specialists with your health care needs. We take our commitment to you and your family very seriously. We look forward to establishing a partnership that will enhance your health and well being; now, and well into the future.

We value your time, and realize that office visits may be an interruption in an otherwise very busy schedule. For this reason, we've taken steps to assure that your time in our clinic is as focused and efficient as it can be.

Enclosed you will find new patient information forms. Before your scheduled appointment, please read and complete the attached forms. These forms are our first introduction to you, as a patient. Your detailed and thoughtful responses will help us to utilize our time in the clinic more effectively. **Please bring all forms, completed and signed, to your first office visit.**

Your first visit will be a thorough assessment of your health and may last up to 1 hour or more. Our fees vary based on the time and complexity of your case. This office is a cash office and payment is expected at the time of your visit. For your convenience, we accept cash, debit cards, Visa, MasterCard, American Express, Discover, Flex Spending and Health Savings Account cards. We do not accept checks.

Integrative Medical Specialists requires a $100.00 deposit for initial visits. We have many new patients who would like to be seen by our office and we make every effort to schedule each one as soon as possible. When someone fails to keep a new patient appointment without prior notice, we are unable to schedule someone else in that time slot.

We have found that financial commitment keeps no shows and last minute cancellations to a minimum. It is our policy to require a deposit of $100.00 to hold your appointment. A credit or debit card number will be required when scheduling your appointment. The deposit amount will be applied to your charges at the time of the initial visit. On the initial visit the minimum charge is $160 for a 30 minute consult. After the first 30 minutes, the consult rate is $80 per 15 minutes. Return visits are $75 per 15 minutes. Time needed is determined by the complexity of the case and the amount of time needed to teach the lifestyle changes. Our goal is to provide the most effective treatment and prevent future health risks with lifestyle intervention.

We require 48 hours notice to cancel or reschedule an initial visit. If the visit is cancelled prior to 48 hours your deposit will be refunded. If your appointment is not canceled or rescheduled prior to the 48 hours, your deposit will not be refunded or applied to your initial visit. If you have previously scheduled and lost your deposit, a new deposit will be required upon rescheduling your initial appointment.

Please remember to bring in copies of any recent lab work, imaging reports, and recent medical records, as well as the bottles of supplements or medications you are currently taking.

We look forward to seeing you in our clinic. Our goal is to become a trusted partner to you and your family in your health care needs.

Sincerely,

Integrative Medical Specialists

Please read the policy, sign and return to us prior to your treatment. Payment is due at the time services are provided. All supplements, health products, services and labs sales are final. We gladly accept cash, debit cards, Visa, MasterCard, American Express, Discover, Flex Spending and Health Savings Account cards. We do not accept checks.

Consultations

On the initial visit the minimum charge is $160 for a 30 minute consult. After the first 30 minutes, the initial consult rate is $80 per 15 minutes. Return visits are $75 per 15 minutes. Phone consults are also charged at this rate. Time needed is determined by the complexity of the case and the amount of time needed to teach the lifestyle changes. Insurance Coverage and Reimbursement

Naturopathic Medicine may be covered by some PPO plans as an out of network provider. By not billing insurance directly, this allows us to keep cash prices as low as possible, and to provide the best care for each patient without restrictions from the insurance provider. Please check with your insurance company to determine if this is a covered benefit. Integrative Medical Specialists does not submit billing claims. For those with out of network benefits, a superbill will be provided with billing codes to send attached to a claim form provided by your insurance company.

Laboratory and Diagnostic Testing

Due to everchanging guidelines from insurance companies, we will now be ordering all bloodwork through the discounted cash pay option with Quest Diagnostics. A form will be provided to those who wish to submit for insurance reimbursement. There is no guarantee that labs will be reimbursed by your insurance. Flex spending and health savings can be utilized to pay for these testing services.

Specialty labs such as comprehensive stool analysis, micronutrient testing, food sensitivity testing, heavy metal/essential element testing, hormone testing, etc. are also provided at cash pay discount rates. Flex spending or health savings can be utilized to pay for these specialty testing services, as well.

ELECTRONIC COMMUNICATION CONSENT

I, _____, am an established patient of Integrative Medical Specialists, LLC., (IMS) and I wish to participate in medical electronic mail (e-mail.) I understand that this e-mail will not be entirely secure/private, although IMS will take every precaution to protect my privacy. All patient e-mail correspondence will be through a separate encrypted e-mail system.

Electronic communication such as email offers an easy and convenient way for patients and doctors to communicate. In many circumstances, it has advantages over office visits or telephone calls, but there are important differences. E-mail is not the same as calling our office; there is no person at the other end of the call – just a computer. You can't tell for certain when your message will be read, or even if your doctor is in the office or on vacation. Nonetheless, we believe that the ease of communication e-mail affords is a benefit to patient care. It will further assist us, if you could identify the nature of your request in the subject line of your message. Please also confirm your name and Date of Birth. Below are our rules for contacting us using e-mail.

- E-mail is never, ever, appropriate for urgent or emergency problems. Please use the telephone or go to the Emergency Department for emergencies.
- E-mail is great for asking those little questions that don't require a lot of discussion. Appropriate uses of e-mail also include supplement refill requests, referral and appointment scheduling requests and billing/insurance questions.
- I also understand that if my messages require more than just a quick response from my doctor at IMS, I will either be billed for the doctor's time or may receive a reply that I need to schedule an appointment.
- I also understand that this mode of communication is to be used for non-urgent questions or communication only. Any urgent messages or needs will be relayed using regular telephone communications. IMS has informed me that it may take up to three (3) working days to receive a response to my e-mail query.
- E-mails should not be used to communicate sensitive medical information, such as information regarding sexually transmitted diseases, AIDS/HIV, mental health, developmental disability, or substance abuse.
- E-mail is not confidential. It is like sending a postcard through the mail. Our staff may read your e-mails to handle routine, non-clinical matters. You should also know that if sending e-mails from work, your employer has a legal right to read your e-mail.
- E-mail may become a part of the medical record when we use it; a copy may be printed and put in your chart.
- E-mail is not a substitute for seeing us. If you think that you might need to be seen, please call and book an appointment.
- E-mails may be forwarded to our staff for handling, if appropriate.
- Finally, either one of us can revoke permission to use e-mail electronic communications at any time, which will impact future and not past communications.

I have read the above information and understand the limitations of security on information transmitted. I understand that my doctor may not be able to communicate with me electronically about my specific condition, if I live outside of the state of Kansas in which my doctor is licensed. (Please initial consent option below.)

Integrative Medical Specialists, LLC., (IMS) offers patients the opportunity to communicate by telephone and voicemail. There are risks of transmitting information by telephone and voicemail. Voicemail and recorded calls can be circulated, forwarded and stored. Backup copies may exist even after the sender or recipient has deleted them. Employers may record phone conversations and access voicemail messages when using work phones for communication. Patient understands IMS will use reasonable means to protect the security and confidentiality but due to these risks, IMS cannot guarantee the security of the information transmitted.

Consent to use of telephone and voicemail communications includes agreement with the following conditions:

- All communication by telephone and voicemail will be made part of the patients record, therefore other individuals authorized to access the patient record, such as staff and billing personnel, will have access to those messages.
- IMS cannot guarantee that any voicemail will be listened to or responded to within any particular time frame, therefore the patient shall not use voicemail for emergencies or other time-sensitive matters.
- IMS may forward information to staff and others as necessary for diagnosis, treatment, reimbursement and other handling. IMS will not forward to third parties without prior consent, except as authorized by law.
- If the patient's message invites a response from the provider, and the patient has not received a response within a reasonable time period, it is the patient's responsibility to follow up to determine whether the intended recipient received the message and when the recipient will respond.
- The patient is responsible for protecting his/her password to access voicemail. Provider is not liable for breaches of confidentiality caused by the patient or third party.
- The patient should not leave sensitive medical information on voicemail, such as information regarding sexually transmitted diseases, AIDS/HIV, mental health, developmental disability or substance abuse.

To communicate by telephone or voicemail the patient shall:

- Include the patient's name, date of birth and category of the communication in the telephone call or voicemail (e.g., supplement refill or billing question.)
- Limit or avoid use of his/her employer's phone.
- Withdraw consent only by written communication to provider.

The HIPAA Privacy Rule permits health care providers to communicate with patients by phone and does not prohibit covered entities from leaving messages for patients on their voicemail or with a person who answers the phone. However, to reasonably safeguard the individual's privacy, IMS limits the amount of information disclosed unless written authorization is obtained. Limited information such as information necessary to confirm an appointment such as patient's name, doctor's name and appointment date and time.

The HIPAA privacy rule also prohibits the practice from using or disclosing patient protected health information (PHI) outside of the Notice of Privacy Practices without the authorization of the patient. Messages that contain PHI require the patient to sign an authorization form to receive messages by phone or voicemail. For example, messages that contain PHI would be test results, medication/supplement information, treatment plans, patient condition information, and anything else that is considered patient condition, treatment or payment related.

You may elect to have your PHI provided to you by a message from IMS by signing this form on the reverse side. Once you have signed the form, future communication concerning your PHI may be provided to the designated person(s) or on voicemail at the numbers you have authorized.

TELEPHONE CONSULTATION CONSENT

Integrative Medical Specialists, LLC., (IMS) provides telephone consultations for established patients. Phone consultations are only available for patients who reside in the state of Kansas in which my doctor is licensed. This informed consent for telephone consultation is a contractual agreement between you and IMS. Phone consults lack the nuances and richness of the face-to-face consultation. The doctor is unable to see non-verbal cues or do a physical exam. - Understanding what diagnostic tests might help provide insight into your condition.
- Evaluating the supplements you are talking and asking any questions about medications and side effects or interactions.
- Checking in after starting a new supplement or treatment plan
- Discussing factors that might be causing or contributing to your health problem(s)

The following are **NOT** appropriate for phone consultations:

- Annual physical exams
- Consults for conditions that may require an exam such as palpation of the abdomen, listening to the lungs, etc.
- Treatment for conditions that require the doctor to do a visual assessment such as a rash, or looking at a sore throat, etc.
- Treatment for a new condition or diagnosis in which your doctor has not already done an in office evaluation
- Establishing a new patient doctor relationship

You will receive a call from your doctor at the number you provided at the time of your scheduled visit. We do require at least a 24 hour notice for cancellation of phone appointments. We may send you some paperwork, which is to be completed and returned prior to your scheduled phone appointment. All the fees are due at the time of service and may be paid by debit or credit card over the phone. Phone consults are charged at the rate of $75 per 15 minutes.
